

HP Maintenance Kits: Trust the printer experts

Choose longer life, proven reliability, and avoid hidden costs.

Preferred choice by experts

94% of technicians use Genuine HP LaserJet maintenance and fuser kits.¹

Longer life

Almost 9 out of 10

printer technicians said that Genuine HP LaserJet maintenance and fuser kits have a longer life than aftermarket kits and parts.¹

Proven reliability

87% of printer technicians said Genuine HP LaserJet maintenance and fuser kits and parts are more reliable than aftermarket kits and parts.¹

Don't compromise on performance

A limited HP analysis² revealed that Genuine HP LaserJet fuser kits lasted up to 3.7 times longer on average than examined aftermarket refurbished fusers operating under similar conditions:

Relative fuser performance²

HP Genuine fuser kit

Aftermarket refurbished fuser kit

Ultimately, you can help your HP LaserJet printer run smoothly, with the legendary HP printer quality.

Avoid hidden costs

An aftermarket part with a lower initial price might seem like a good idea in the short term. But it may not be a good investment in the long run, when you consider printer service costs:

- Average printer repair charge¹: **\$162.90 USD**
- Average technician service time¹: **1.5 hours**

Prevent wasting additional time and money. Genuine HP LaserJet fusers and maintenance kits provide peace of mind, knowing that your HP printer will consistently deliver a long service life, may reduce downtimes and repairs that can add up to significant costs.

Buy Genuine HP maintenance kits from HP authorized dealers or online:

¹ A 2015 NA Market Strategies International study commissioned by HP. Results based on 221 surveys from HP ServiceOne Partners who have at least 6 months of experience servicing HP monochrome and Color LaserJet printers with HP and non-HP toner cartridges installed, and have done so within the previous 12 months of the study. For details, see: <http://www.marketstrategies.com/hp/NA-Technician2015.pdf>.

² Based on 2,700 HP LaserJet P4014/P4015/P4515 in the HP Managed Print Service environment. Printers were monitored for fuser kit replacements from 2008-2015 where Genuine HP fuser kits and aftermarket refurbished fuser kits were used. 96% of the aftermarket kits were sourced from two separate suppliers.
